A) How To Start GWiFi Service

As a new user to the GWiFi Service there are essentially 2 action items which you need to perform in order to get Service activated. They are namely:

A1) Register or Create a User Account (go to www.gwifi.co)

A2) Creating/Purchasing Day Rent Or Roam Anywhere Data Plan

***Please refer to the Terms of Day Rent and Roam Anywhere Data Plan below in Point 5 and 6.**

NOTE: Please do take note that upon successful registration you will immediately be credited with US\$54.00 to purchase your first Day Rent in order to facilitate your immediate internet access. The Free 6 Day Rents will be (US\$54.00) will be credited to your Main Balance when you have successfully registered with your email address and the device Serial Number (S/N)

1. Registering your Account

In order to initiate GWiFi Service you would need to firstly create your personal account with the new G3000 device which you have purchased.

1.1 With your web browser please go to www.gwifi.co to register your account.

When in www.gwifi.co you will see the following page: **Click on Register**

Secure | <https://gwifi.co/register/dispatcher?action=registerReq>

DAY RENT

2 How To Top Up Main Balance

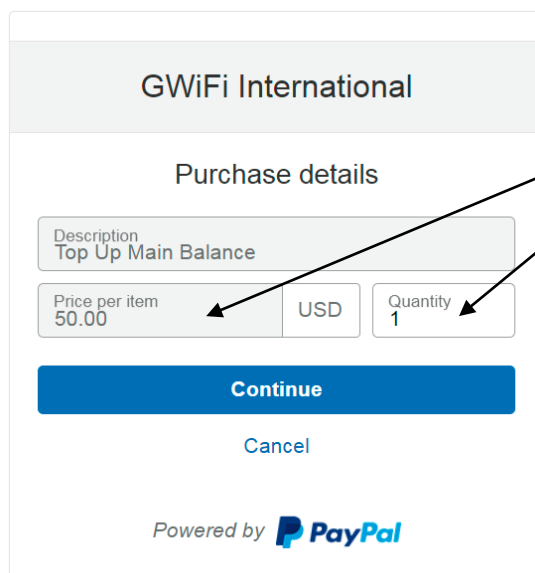

2.1 What you will need to prepare

- 2.1.1 Your PayPal Account Information (If you have a PayPal Account)
- 2.1.2 Your Visa or Master Credit Card Information (If you are paying using Visa, MasterCard Credit Card)

2.2 Click on Top Up Main Balance

2.3 Fill in the Amount you wish to Top Up your Main Balance

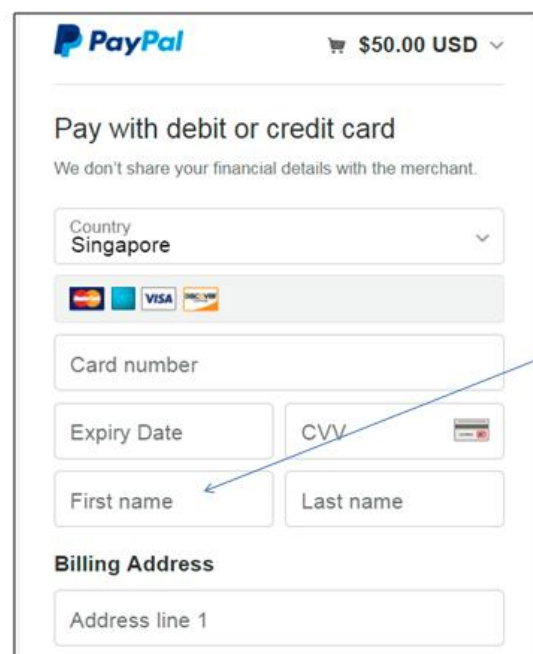

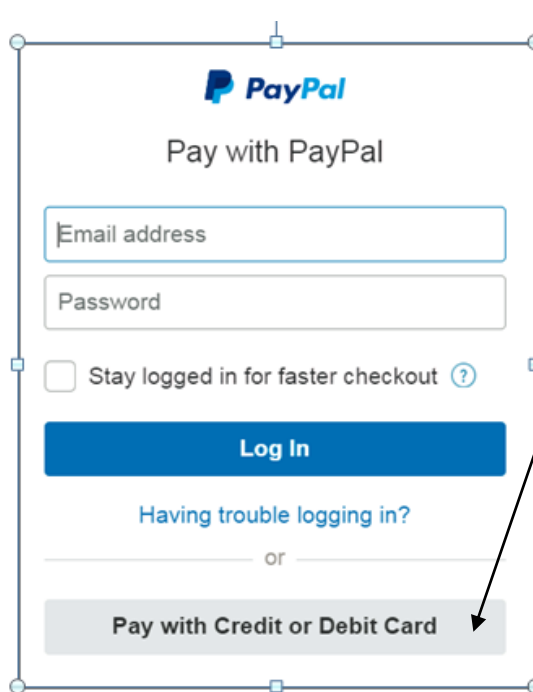

The screenshot shows a mobile application interface for 'GWIFI International'. The title is 'Purchase details'. Below the title, there is a form with the following fields:

Description	Top Up Main Balance	
Price per item	USD	Quantity
50.00		1

Below the form, there is a red button labeled 'Continue' and a blue button labeled 'Cancel'. At the bottom, there is a logo for 'Powered by PayPal'.

This amount is fixed at USD50.00 per Qty
If you need more then change the Quantity unit

IF you do not have a PayPal Account, please click on Pay With Credit or Debit Card

Please fill in the email address you used for Registration

2.4 Upon successful payment you will be brought back to your My Account page and your Main Balance would reflect the *New Balance after the Top Up. You will also see the successful Top Up History.

***updating of your Main Balance may not be instantaneous as it is dependent on Paypal's notification back to our system**

3 Creating Day Rent (Getting Service)

In order for you to start using the service you must next Create Rent and to purchase the number of days usage you will need for your visit to your destination country/ies.

3.1 Click on Day Rent

3.2 Select the Start, End Date (Duration of your Use), Country (where you are using the service) and then Click on Confirm.

The screenshot shows the GWIFI website interface. At the top is the GWIFI logo. Below it is a navigation menu with links: HOME, REGISTER CONTACT, MY ACCOUNT LOGOUT, and ABOUT. A dark green button labeled "Create Day Rent" is centered. Below the button are three input fields: a date field containing "2017-10-09", another date field containing "2017-10-09", and a dropdown menu showing "China USD5.8". To the right of the dropdown is a blue "Confirm" button.

3.3 Rent Created Successfully

This screenshot shows the same GWIFI interface as the previous one, but with a successful confirmation message. The date fields now contain "2017-10-09" and "2017-10-09", and the dropdown menu shows "Canada USD8.5". The blue "Confirm" button is still present. Below the form, the text "Rent created successfully" is displayed in red.

The amount used for the rent you have just created will be deducted against your Main Balance.

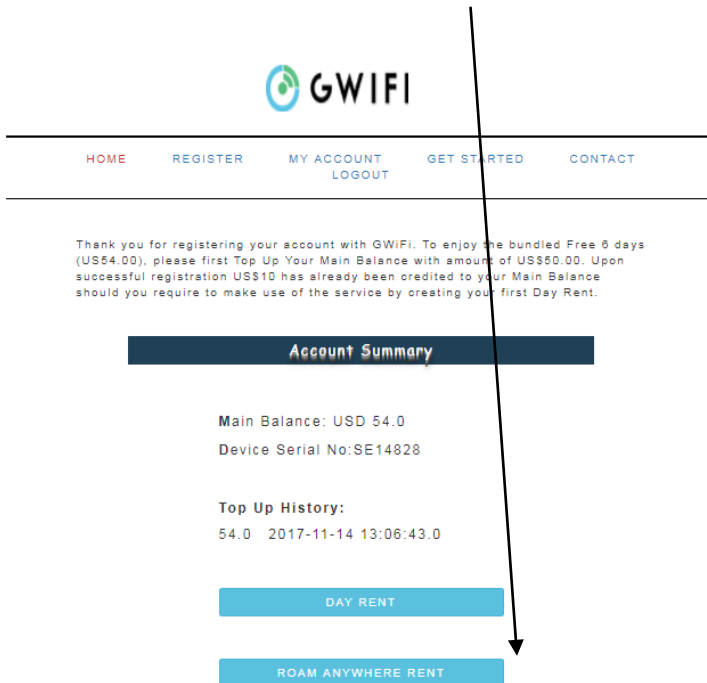

4 Creating Roam Anywhere Data Plan (Activating Service)

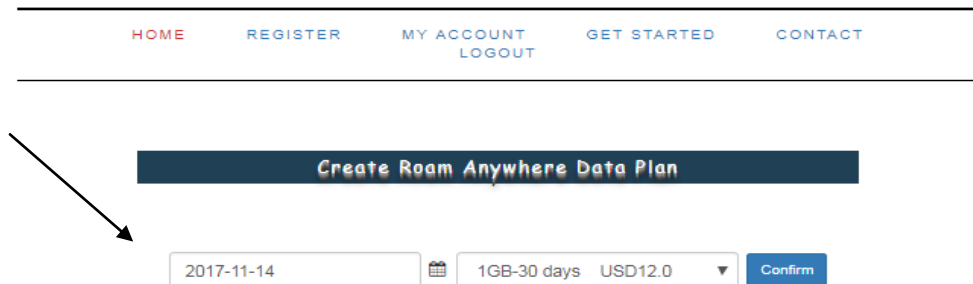

The Roam Anywhere Data Plan is a Data plan that is designed for users who do not wish to be limited to Day Rents and wish to use the device anywhere in the world (where GWiFi has coverage) by just turning on the device and start surfing.

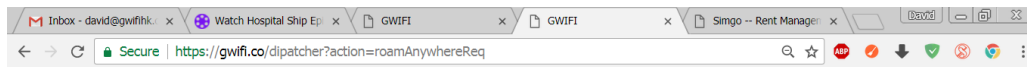

4.1 Creating a Roam Anywhere Data Plan.

Click on Roam Anywhere Data Plan

Specify the Start Date of Your Data Plan

5 What is Day Rent

- 7.1 1 Day Rent is a unlimited data plan which is valid for 24 hours from GMT 00:00 to GMT 24:00. That will constitute 1 day rent.
- 7.2 Data Limit – There is no data limit per say but users will have up to 512MB/day rent at full *4G upload and download speed. Anything beyond 512MB for that day will be slowed down to 128kbps speed.
***actual true 4G speed is vis a vis as that offered by the local country network operator.**
- 7.3 Resetting – Resetting of data limit and speed will be done every GMT 00:00 hours.

6 What is Roam Anywhere Data Plan

- 6.1 Roam Anywhere is a Data Plan that allows users to purchase a prefixed Data Plan for all Countries that GWiFi International has coverage in without having the need to worry about which country they will be visiting and using the service in.

Users just need to turn on their G3000 and after the device establish connection will be able to surf the internet immediately.

- 6.2 Roam Anywhere will be offered as follows:

- A. 1GB/30 Days Duration

Users will have full service coverage for all the **countries that are currently covered by GWiFi International. The 1GB must be used within the 30 days from the Start Date as specified by the User. Any balance data (if any after the 30 days) will not be rolled over to the next purchase.

- B. 5GB/60 Days Duration

Users will have full service coverage for all the **countries that are currently covered by GWiFi International. The 5GB must be used within the 60 days from the Start Date as specified by the User. Any balance data (if any after the 60 days) will not be rolled over to the next purchase.
